

# Lawyer Family Dispute Resolution

A select panel of dual-qualified Victorian family lawyer dispute resolution practitioners providing high-level family dispute resolution services across Australia and internationally

## About Us

### EXPERIENCED

Each practitioner on the Lawyer FDRP Panel has at least 15 years of combined experience as a family lawyer and a family dispute resolution practitioner.

Each of them brings to the family dispute resolution process the highest capacity and commitment to supporting parties to achieve an agreed resolution of their parenting, property and financial settlement issues.

### OUT OF COURT

FDR is suitable for parties wishing to avoid court proceedings or who are already involved in proceedings but are open to exploring the option of an 'out of court' resolution.

Referrals can be made by the parties, their lawyers, or by court order. Conferences are arranged in a manner which addresses safety concerns.

### RESOLUTION

Parties may choose to have a legal representative present during FDR (and if they choose not to do so, it is highly recommended that they obtain expert family law advice before commencing FDR).

We look forward to working together to resolve your family law dispute efficiently and effectively.
